

# FURTHER MATHEMATICS

---

## GCE Advanced Level

Grade thresholds taken for Syllabus 9231 (Further Mathematics) in the May/June 2010 examination.

|              | maximum<br>mark<br>available | minimum mark required for grade: |    |    |
|--------------|------------------------------|----------------------------------|----|----|
|              |                              | A                                | B  | E  |
| Component 11 | 100                          | 77                               | 65 | 35 |
| Component 12 | 100                          | 77                               | 65 | 35 |
| Component 13 | 100                          | 79                               | 68 | 37 |
| Component 21 | 100                          | 67                               | 54 | 30 |
| Component 22 | 100                          | 67                               | 54 | 30 |
| Component 23 | 100                          | 66                               | 52 | 29 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade A\* does not exist at the level of an individual component.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
